

## Call for Joint Applications from PhD Scholars and Industry

### PRIME MINISTER'S FELLOWSHIP FOR DOCTORAL RESEARCH (PMFDR)

*A PPP Initiative of Anusandhan National Research Foundation (ANRF) and Confederation of Indian Industry (CII)*

### IN THE AREAS OF SCIENCE, TECHNOLOGY, ENGINEERING, AGRICULTURE & MEDICINE

## CALL AT A GLANCE

#### The Scheme

The scheme is for supporting aspiring PhD scholars with lucrative scholarship (up to Rs. 12.48 lakh per annum--*amount subject to revision as per current JRF/SRF slabs*), 50% of which will be provided by government and balance 50% by a sponsoring industry, for doing research for four years and the research fellow will receive PhD degree by doing this industrial research.

#### Open-Ended Applications

A candidate can register on the portal of PMFDR if she/he has taken admission in a full-time PhD program in the last 14 months from the date of submission of applications.

In case of a different admission/enrollment date and registration date, the first date of PhD admission will be considered.

The applicants must firm up their alliance with industry before applying.

#### Eligibility

- One PhD scholar and one industry partner will apply jointly. The application has to be filled out by the doctoral fellow.
- Research scholar should have taken admission in a full-time PhD program within the last 14 months from the date of submission of applications in any recognized Indian University/Institute/Research Laboratory. In case of a different admission/enrollment date and registration date, the first date of PhD admission will be considered.
- Research scholar should obtain 'No Objection' from his/her Institution before applying
- Research scholar should have identified (before applying) an industry partner/co-applicant who should be ready to support the research project financially and also lend technical and intellectual support.
- Areas of research should be in Science, Technology, Engineering, Agriculture or Medicine.
- The topic of research should have practical relevance and industrial application.
- The candidate and the proposed research topic should qualify on the criteria of excellence and relevance and be of technical and scientific merit.
- The selected Research scholar should be willing to work with/in industry as and when required by the industry partner during the project period.
- The research duration should not be more than four years, leading to the award of a PhD degree to the doctoral fellow.

## Call for Joint Applications from PhD Scholars and Industry

### PRIME MINISTER'S FELLOWSHIP FOR DOCTORAL RESEARCH (PMFDR)

A PPP Initiative of Anusandhan National Research Foundation (ANRF) and Confederation of Indian Industry (CII)

### IN THE AREAS OF SCIENCE, TECHNOLOGY, ENGINEERING, AGRICULTURE & MEDICINE

#### Selection Process & Broad Criteria for Selection

- A high-level Apex Council consisting of members from academia, industry and government will review the applications and select the candidates for the award of PMFDR.
- The project should be innovative and of high scientific merit, with discrete R&D as opposed to exploratory investigation.
- The proposed research should have a high potential to translate into a business opportunity and commercialization.
- High credibility, capacity of doctoral fellow and the institution.
- High degree of business interest, involvement and collaboration of industry.

#### Funding Support

- Up to 100 research projects would be supported in a financial year.
- The Fellowship amount will be up to Rs. 12.48 lakh per annum maximum per candidate (amount subject to revision as per current JRF/SRF slabs).
- 50% of this amount will come from ANRF [being equivalent to the prevailing Government norms for JRF /SRF (inclusive of HRA)] of maximum Rs 6.98 lakh per annum (including 10% management fee) and will be revised as per the JRF/SRF norms from time to time.
- Rest 50% (matching equivalent of ANRF component) will come from the partner industry co-applicant.
- Duration of the Fellowships will be a maximum of four years, leading to the awarding of the PhD degree.
- If selected to receive the PMFDR, the candidate will cease to receive any other scholarship/salary from any other organisation which he/she may be receiving at present.

#### Eligibility of Industry Partner

The following conditions apply:

1. NGOs, Societies, and Government agencies (e.g., ISRO, DRDO) are not eligible to support the fellowship.
2. Only companies registered under the Indian Companies Act are eligible.
3. Body corporates or consortiums of companies may support the fellowship.
4. Research arms and in-house research institutes of eligible companies are permitted to support the fellowship.
5. Multinational corporations (MNCs) registered under the Indian Companies Act are also eligible.

## Call for Joint Applications from PhD Scholars and Industry

### PRIME MINISTER'S FELLOWSHIP FOR DOCTORAL RESEARCH (PMFDR)

*A PPP Initiative of Anusandhan National Research Foundation (ANRF) and Confederation of Indian Industry (CII)*

## 1. BACKGROUND

India is far behind many countries, including China, in terms of the number of PhDs passing out of the Indian university system every year. This has many reasons. Indian industry's investment in Research & Development, barring a few sectors like pharmaceuticals and biotechnology, is very poor compared to global benchmarks, and they don't recruit PhDs in a large scale. On the other hand, the Government's doctoral fellowship amount is not attractive and talented students tend to accept jobs rather than pursuing PhDs.

The Government of India and Confederation of Indian Industry have been very concerned about this trend and explored an innovative model where talented students and industry will be attracted to join hands in a process where doctoral fellows will get double the fellowship amount, and the industry will initiate a research project.

The scheme invites applications from doctoral fellows who are enrolled in any recognised university or institution in India in the current year and want to do industrial research. They should find an industry sponsor with whom the doctoral fellow will decide the research topic. The sponsoring industry should agree to pay a matching amount to the Government component, which can go up to a maximum of Rs. 6.98 lakhs per annum (including 10% management fee), for four years and be involved in the research project with the doctoral fellow and the institution. This amount is subject to change as per the revisions in the Government slabs.

The scheme is currently designed to support 100 such fellowships in a year.

It was envisaged that this scheme would eventually impact on attracting a large number of talented students pursuing PhDs and on changing the industry's mindset in investing in R&D and recruiting more PhDs.

The First Call for Applications was announced in November 2012, and within a month, more than 200 applications from doctoral fellows and industry were received. A high-level Apex Council chaired by Dr. M K Bhan, Former Secretary of the Department of Biotechnology, selected 28 Fellowships.

The scheme has been made open-ended from the year 2014.

## Call for Joint Applications from PhD Scholars and Industry

## 2. ELIGIBILITY CRITERIA - WHO CAN APPLY

- 2.1. A research scholar should have taken admission in a full-time PhD program in the last 14 months from the date of submission of applications in any recognized Indian University/Institute/Research Laboratory. In case of a different admission/enrollment date and registration date, the first date of PhD admission will be considered.
- 2.2. A research scholar should have an excellent academic track record.
- 2.3. A research scholar should obtain 'No Objection' from his/her Institution before applying and will get a letter of commitment from the Head of the Institution.
- 2.4. A research scholar should have identified (before applying) an industry partner/co-applicant who should be ready to support the research project financially and also lend technical and intellectual support. Doctoral Fellow will get a Letter of Commitment from the industry partner before applying.

## 3. BROAD APPLICATION PROCESS

### 3.1 Applicant: PhD Scholar

- 3.1.1 Get an in-principle approval from the academic research guide and the Head of the institution for applying for this Fellowship.
- 3.1.2 Develop a preliminary proposal for research based on the self's qualification/strength/skills, aiming for a particular sector of industrial applications, in consultation with the academic research guide.
- 3.1.3 Engage with the industry to explore the industry's interest in the research proposal.
- 3.1.4 Finalise the research proposal in consultation with the industry and academic guide.
- 3.1.5 Get a Letter of Commitment from the Industry that will be ready to pay a maximum of Rs. 6.98 lakh per annum (including 10% program management fee), for four years and be involved in the research project with the doctoral fellow and the institution. The amount of support varies according to the JRF/SRF slab of the candidate and the HRA slabs for the host institute.

## Call for Joint Applications from PhD Scholars and Industry

### PRIME MINISTER'S FELLOWSHIP FOR DOCTORAL RESEARCH (PMFDR)

*A PPP Initiative of Anusandhan National Research Foundation (ANRF) and Confederation of Indian Industry (CII)*

#### IN THE AREAS OF SCIENCE, TECHNOLOGY, ENGINEERING, AGRICULTURE & MEDICINE

---

- 3.1.6 Get a letter of commitment from the Head of your institution that will be ready to allow you to work in the institute and in the premises of the sponsoring industry, as and when needed and for joint (industry + institute) review of progress of research.
- 3.1.7 Apply online for the PMFDR (Application Form enclosed in Annexure 1).
- 3.1.8 Once selected, sign a Memorandum of Agreement (Sample MoA enclosed in Annexure – 2) with the sponsoring industry and your institution, clearly defining the roles and responsibilities, including the sharing of Intellectual Property that may be generated as the outcome of the research.
- 3.1.9 Execute the research project as per the mutually agreed-upon process and timelines.

#### 3.2 Co-Applicant: Industry

- 3.2.1 Engage with doctoral fellows who will approach you, either directly or through CII, to explore a partnership with the doctoral fellow in his/her research project of your interest.
- 3.2.2 In case you already have a research assignment, you identify a capable doctoral fellow (from a recognised university/institution) who can conduct the research on your assignment during his / her PhD course.
- 3.2.3 Finalise the research proposal in consultation with the doctoral Fellow and his/her academic guide.
- 3.2.4 Provide a Letter of Commitment to a doctoral fellow to pay a maximum of Rs. 6.98 lakh per annum (including 10% program management fee), for four years and to be involved in the research project with the doctoral fellow and the institution. The amount of support varies according to the JRF/SRF slab of the candidate and the HRA slabs for the host institute.
- 3.2.5 Sign up application form jointly with doctoral fellow, online for the PMFDR (Application Form enclosed in Annexure 1)
- 3.2.6 Once selected, sign a Memorandum of Agreement (Sample MoA enclosed in Annexure – 2) with the doctoral fellow and his/her institution clearly defining the roles and responsibilities, including sharing of Intellectual Property that may be generated as the outcome of the research.

## Call for Joint Applications from PhD Scholars and Industry

### PRIME MINISTER'S FELLOWSHIP FOR DOCTORAL RESEARCH (PMFDR)

*A PPP Initiative of Anusandhan National Research Foundation (ANRF) and Confederation of Indian Industry (CII)*

#### IN THE AREAS OF SCIENCE, TECHNOLOGY, ENGINEERING, AGRICULTURE & MEDICINE

---

3.2.7 Execute the research project as per the mutually agreed-upon process and timelines.

#### 4. SUBJECT AREAS IN WHICH APPLICATIONS ARE INVITED

- 4.1. Applications with research proposals in the following broad areas are invited:
  - 4.1.1. Science
  - 4.1.2. Technology
  - 4.1.3. Engineering
  - 4.1.4. Agriculture
  - 4.1.5. Medicine
- 4.2. The proposed research should qualify on the criteria of excellence and relevance and be of technical and scientific merit.
- 4.3. The proposed research should have practical relevance and industrial application.

#### 5. FELLOWSHIP FRAMEWORK

- 5.1. Up to 100 Fellowships would be provided each year, and the Fellowship will be paid from the financial year from April to March.
- 5.2. The Fellowship amount will be up to Rs. 12.48 lakh per annum, maximum per candidate. (Based on the current JRF/SRF slabs)
- 5.3. 50% of the fellowship will come from ANRF [being equivalent to the prevailing Government norms for JRF /SRF (inclusive of HRA)] of maximum Rs 6,24,000/- per annum and will be revised as per the JRF/SRF norms from time to time.
- 5.4. Rest 50% (matching equivalent of ANRF component) will come from the sponsoring industry co-applicant.
- 5.5. The Government Component will be decided basis JRF & SRF slabs, and no provision of Research Associate (RA) is available under the scheme.
- 5.6. Duration of the Fellowships will be a maximum of four years, leading to the awarding of a PhD degree.

## Call for Joint Applications from PhD Scholars and Industry

### PRIME MINISTER'S FELLOWSHIP FOR DOCTORAL RESEARCH (PMFDR)

*A PPP Initiative of Anusandhan National Research Foundation (ANRF) and Confederation of Indian Industry (CII)*

#### IN THE AREAS OF SCIENCE, TECHNOLOGY, ENGINEERING, AGRICULTURE & MEDICINE

---

- 5.7. If selected to receive the Prime Minister's Fellowship for Doctoral Research, the candidate will cease to receive any other scholarship/salary from any other organisation which he/she may be receiving at present.
- 5.8. If the partner company ceases to support a fellow during the committed 4-year time period, the PM Fellowship will stand cancelled, and the government support will also be withdrawn from the time the industry support becomes unavailable.

## 6. SELECTION PROCESS

- 6.1. A high-level Apex Council consisting of members from academia, industry and government will review the applications and select the candidates for award of PM Fellowships.
- 6.2. The broad criteria for selection of projects will be:
  - 6.2.1. The project should be innovative and of high scientific merit, with discrete R&D as opposed to exploratory investigation.
  - 6.2.2. The proposed research should have a high potential to translate into a business opportunity and commercialization.
  - 6.2.3. High credibility, capacity of doctoral fellow and the institution.
  - 6.2.4. High degree of business interest, involvement and collaboration of industry.
  - 6.2.5. The ability of the partner company to financially support the project for four years or the completion of research work.

## 7. DURATION, REVIEW & TERMINATION OF FELLOWSHIP

- 7.1. The duration of the Fellowship under the PMFDR will be a maximum of four years.
- 7.2. The Fellowship will automatically cease with the submission of the Fellow's thesis.
- 7.3. The Fellow will be required to present an annual progress report to the Apex Council following the commencement of the Fellowship. Based on this report, the Apex Council or a committee nominated by the Apex Council will conduct a yearly review of the Fellow's progress.
- 7.4. Subsequent release of funds will be based on the satisfactory progress of the work done and letters of recommendation from the research guide and industry mentor/guide.
- 7.5. The Fellowship will be liable to termination if the Fellow leaves his/her institution or is found to be not dedicating sufficient time or effort to the project.
- 7.6. The Fellowship will be liable to termination if the host institute recognises that, for personal, professional or other reasons, the research scholar wishes to terminate his/her Fellowship prematurely.
- 7.7. The Fellowship will be liable to termination should the Fellow be unable, for medical reasons, to pursue his/her studies in accordance with the Terms and Conditions of the Fellowship.
- 7.8. Once accepted, the offer for implementing the PMFDR at a particular University/Institute/Laboratory in the country will not be allowed to be transferred to any other University/Institute/Laboratory in the country, at any point, during the four-year tenure of the Fellowship.

## Call for Joint Applications from PhD Scholars and Industry

## 8. INTELLECTUAL PROPERTY & OTHER RIGHTS

- 8.1. ANRF and CII do not possess any rights on any research/products/findings resulting from the above-mentioned project. All publications/patents by the Fellow, arising from the work under this Fellowship, must contain an acknowledgement of support from ANRF, CII and the supporting industry.
- 8.2. Any dispute arising out of this will be taken care of by the Apex Council.
- 8.3. If the dispute remains unresolved, then final arbitration will rest with the CEO, ANRF.

## 9. HOW TO APPLY (Sample Application Form given as Annexure 1)

- 9.1. Applications will be accepted only in online mode through the web portal [www.primeministerfellowshipscheme.in](http://www.primeministerfellowshipscheme.in)
- 9.2. All candidates are advised to register on this portal for the required matchmaking with the industry. Applications will be accepted only through this web portal.
- 9.3. The scheme is open-ended and the scholars can apply anytime during the year, subject to the condition that the research scholar should have taken admission in a full-time PhD program in the last 14 months from the date of submission of applications in any recognized Indian University/Institute/Research Laboratory. In case of a different admission/enrollment date and registration date, the first date of PhD admission will be considered.

**This scheme is not available for part-time research scholars.**

- 9.4. The evaluation and selection can take place more than once during the year, depending on the application volumes. Interim selection can be done as required if sufficient applications are received.
- 9.5. The updates on selection will be available online.

#### 10. Frequently Asked Questions (FAQs)

**Q. 1) How can I apply for this fellowship?**

A) You can apply for this fellowship through the website:  
[www.primeministerfellowshipscheme.in](http://www.primeministerfellowshipscheme.in)

**Q. 2) What is the procedure for applying for the fellowship?**

A) Following is a step-by-step guide for the application process:

- Register as a student on the portal [www.primeministerfellowshipscheme.in](http://www.primeministerfellowshipscheme.in)
- Download the Call for Proposal and Document Checklist
- Tie up with a company and get the required undertakings signed from a valid signatory in the company as well as in the host institute
- Collect all documents and make digital copies of each
- Fill the application form online (the form cannot be downloaded and requires internet connectivity while filling out)
- Submit application
- Do not send any physical copy of the application documents to CII

**Q. 3) How does the online application work?**

A) Candidates need to refer to Annexure I in the Call for Proposal document, which is available on the home page of the portal [www.primeministerfellowshipscheme.in](http://www.primeministerfellowshipscheme.in). All the required documents and details needed to be given should be collected before filling out the online application.

**Q. 4) I had filled out the application online, but before I could click on the 'Submit' button, my internet connection snapped and my application was lost. Will I need to fill it again?**

A) Yes, if all data is lost, you will need to fill the form again. However, this is unlikely if you save your progress from time to time while filling up the form. A 'Save' option is provided in the online form. You can use this option to save all data you may have entered and can continue to fill the form later from the same step where you last left.

**Q. 5) What is the timeline till which the application can be submitted? Will an additional hard copy, stamped/signed of the application required to be sent to CII?**

## Call for Joint Applications from PhD Scholars and Industry

### PRIME MINISTER'S FELLOWSHIP FOR DOCTORAL RESEARCH (PMFDR)

*A PPP Initiative of Anusandhan National Research Foundation (ANRF) and Confederation of Indian Industry (CII)*

#### IN THE AREAS OF SCIENCE, TECHNOLOGY, ENGINEERING, AGRICULTURE & MEDICINE

---

A) The scheme is open-ended and the scholars can apply anytime during the year, subject to the condition that the research fellow should have taken admission in a full-time PhD program in the last 14 months from the date of submission of applications in any recognized Indian University/Institute/Research Laboratory. In case of a different admission/enrollment date and registration date, the first date of PhD admission will be considered.

In case of any dispute regarding submission date, the decision of the Apex Council will be considered as final.

No hard copies of any kind need to be sent to CII; only soft copies are required to be uploaded as indicated in the form.

#### **Q. 6) What are the requisite details an applicant needs to fill in?**

A) Refer to Annexure I in Call for Proposal.

#### **Q. 7) Can I apply if I do not have an industry partner? Will CII help in finding one?**

A) Applications without industry partners will not be accepted by the online system. Candidates have to find industry partners on their own. CII facilitates match-making between research scholars and industry through the portal [www.primeministerfellowshipscheme.in](http://www.primeministerfellowshipscheme.in). All those who want to search for industry partners are requested to register themselves on this portal. Registration on this portal, however, will not guarantee that the candidate will find an industry partner. The relevance of their project for industry and the extent to which the candidate is able to convey their capability to the industry will determine whether they will find industry partners or not. The interested companies can evaluate the profile and contact the applicants if they find the proposal relevant.

#### **Q. 8) How can I find relevant industry partners?**

A) Candidates should talk to their research guides at the institute and find out about the relevant companies in that field. They can do their own research in and around them to find out the right companies and approach them. Candidates should also keep themselves abreast with the latest technologies, trends and companies working in their field. They should try to interact with industry people in their field as frequently as possible to trigger idea thrashing about a particular project.

#### **Q. 9) If an applicant submits the form, can it be submitted again?**

## Call for Joint Applications from PhD Scholars and Industry

### PRIME MINISTER'S FELLOWSHIP FOR DOCTORAL RESEARCH (PMFDR)

A PPP Initiative of Anusandhan National Research Foundation (ANRF) and Confederation of Indian Industry (CII)

#### IN THE AREAS OF SCIENCE, TECHNOLOGY, ENGINEERING, AGRICULTURE & MEDICINE

---

A) Refer to point number 4 regarding saving progress. Candidates can review and re-review their forms any number of times before uploading them finally. Once uploaded, however, the form cannot be submitted again.

**Q. 10) If I apply this year and am not able to get the scholarship this time, will I be allowed to apply next year?**

A) Yes, you can apply as a fresh candidate with updated information, provided you satisfy all the eligibility conditions.

**Q. 11) Will applicants get an automated response to their submission? Will somebody call from CII to confirm the receipt of the application?**

A) Applicants will get an automatic response upon submission of their application. They will not receive any calls from CII. In case you do not receive a system-generated email regarding the submission of their application within 24 hours, the applicant must contact CII at [pm.scheme@cii.in](mailto:pm.scheme@cii.in) and cc: [ravi.hira@cii.in](mailto:ravi.hira@cii.in) and [akashdeep.singh@cii.in](mailto:akashdeep.singh@cii.in).

**Q. 12) Which are the institutes where PM Fellows are doing their research?**

A) Following are some of the institutes where PM Fellows are pursuing their PhD: Acharya Nagarjuna University, Academy of Scientific & Innovative Research, Alagappa University, Amity University, Anna University, Banaras Hindu University, Bidhan Chandra Krishi Viswavidyalaya, Hemchandracharya North Gujarat University, Institute of Chemical Technology, Indian Institute of Engineering Science and Technology, Indraprastha Institute of Information Technology, Indian Institute of Science, Indian Institutes of Technology, IIT Bombay - Monash University Research Academy, Indian Agricultural Research Institute, Manipal University, National Chemical Laboratory, National Institutes of Technology, PSG College, Punjab Agricultural University, Saurashtra University, Savitribai Phule Pune University, Tamil Nadu Agricultural University, Tata Memorial Hospital, Thiagarajar College of Engineering and Kurukshetra University

**Q. 12) Which companies are supporting PM Fellows in their research?**

A) The following companies that are supporting PM Fellows in their research: Abellon Clean Energy Limited, Applied Materials Inc., Arche Biologics, Autosys Engineering (P) Limited, Beauscape Farms, Bharat Forge Limited, Cadila Pharmaceuticals Limited, CYMK Inks LLP, Eaton Corporation, Envian Engineers Private Limited, EON Electric Limited, Forbes Marshall Private Limited, G.E. ## 11. APPLICATION GUIDELINES

Applications will only be accepted in online format through the web portal [www.primeministerfellowshipscheme.in](http://www.primeministerfellowshipscheme.in). Project Proposals will include both a technical component and a plan for how the same will be executed. The technical as well as the execution components should describe the innovation, outline the proposed technical approach and contain a research plan. The proposal will also provide a description of the institutions and the industry, and other participants, along with detailed resumes of key project personnel. Please refer to the following to get a better understanding of what will be covered in the application form:

11.1. The application process will be online.

11.2. Applications with project proposals minus an industry partner will not be considered for evaluation. Scholarships will be given only if there is an industry sponsor. There can be two ways to get an industry to sponsor:

11.2.1. The Fellow can approach a company and get it to sponsor him/her before applying.

11.2.2. The industry can reach out to a Fellow and propose to sponsor his/her research and get the PhD Fellow to apply for the scheme.

11.3. For each project, there will also be an industry mentor for the PhD Fellow who will be the Co-supervisor/Co-guide.

11.4. No overheads will be given to the institute where the full-time PhD Fellow will be enrolled.

11.5. Before the start of the Fellowship, the industry will be free to sign a Non-Disclosure-Agreement with the candidate and his/her institute, in view of the sharing of the company's data and/or other resources by the candidate.

11.6. Publication of Results: Successful candidates will be informed through email. The list of final candidates will also be put up on the website of ANRF and CII.

11.7. Administrative and Legal requirements to be addressed by the Institute Partner, Industry Partner and the Fellow under the Scheme while signing the Memorandum of Agreement:

## Call for Joint Applications from PhD Scholars and Industry

### PRIME MINISTER'S FELLOWSHIP FOR DOCTORAL RESEARCH (PMFDR)

*A PPP Initiative of Anusandhan National Research Foundation (ANRF) and Confederation of Indian Industry (CII)*

#### IN THE AREAS OF SCIENCE, TECHNOLOGY, ENGINEERING, AGRICULTURE & MEDICINE

---

- 11.7.1. Confederation of Indian Industry (CII) will be the implementing agency of the scheme. It will disburse the amount to the research fellow every month.
- 11.7.2. The institute will ensure the candidate is not availing of any other fellowship/salary apart from PMFDR.
- 11.7.3. The company supporting the research and ANRF will deposit the fellowship amount of four years per candidate with the Confederation of Indian Industry (CII) annually.
- 11.7.4. It will be the responsibility of the Fellow to get the MoA signed from the institute and industry and send the copies for signing to CII. CII will keep one copy of the MoA and return three copies to the candidate.
- 11.7.5. Refer to Annexure II for details of administrative and legal requirements for all four parties as per the MoA.

## 12. SUPPORTING DOCUMENTS REQUIRED WITH APPLICATION FORM

- 12.1. Undertaking from Research Supervisor and Head of the Organisation/Institute/University as per the format given in the Application Form.
- 12.2. Undertaking from Industry Partner in the research project as per the format given in the Application Form
- 12.3. Attested Copies of Certificates/degrees acquired by Fellow till date, including PhD Registration Certificate
- 12.4. Profiles/CVs

---

b) < Candidate name >, a <<PhD Enrollment Month and Year>> enrolled full-time PhD student at <institute name> who has been recommended by the Apex Council of the “Prime Minister’s Fellowship for Doctoral Research” for the <<Batch Number>> batch of fellowships starting <<DD/MM/YYYY>> for a maximum period of four years, hereinafter referred to as “Candidate”.

**and**

c) < Industry Partner name >, a company headquartered at < to be filled by the company >, which has agreed to provide a financial grant and necessary technical guidance on the research topic of the candidate under the Prime Minister’s Fellowship for Doctoral Research starting <<DD/MM/YYYY>>, hereinafter referred to as “Industry”.

**and**

d) <Institute name >, the institute where the said candidate is enrolled to pursue full-time PhD under the supervision of the guide assigned by the institute, hereinafter referred to as “Institute”.

#### 4 Background of Scheme

Public-Private-Partnership (PPP) for human resource capacity building for industrial R&D has been recognized as one of the main deliverables by a Sub-Committee of Prime Minister’s Council on Trade & Industry. One of the recommendations that emerged from the private sector is to design, develop and implement a doctoral research scheme in PPP mode for enhancing trust level in academia, research outfits and industry.

Vide Prime Minister’s Office ID No–3646245/2012-ES-II dated 2nd November 2012, the Prime Minister’s Office approved the proposal of naming the SERB-CII Doctoral Fellowship as “**Prime Minister’s Fellowship for Doctoral Research**”.

On 8th November 2012, the scheme was launched at AICTE-CII University-Industry Congress & 4th Global Higher Education Summit held in New Delhi. The “Prime Minister’s Fellowship for Doctoral Research” is being implemented jointly by Science & Engineering Research Board (SERB) and the Confederation of Indian Industry (CII). The scheme is run under PPP mode.

#### 5 Nature of Support

Prime Minister's Fellowship or PM Fellowship would be payable in following two components:

- a) Government Component: The amount equivalent to the prevailing JRF/SRF rates along with HRA would be paid by ANRF, Government of India as the first component
- b) Industry Component: The second component, matching the first component, would be paid by the sponsoring industry partner

The fellowship will be paid starting <<Start date of Fellowship>> and will be revised as per the JRF / SRF norms from time to time.

The industry component for the fellowship is also subject to revision as per changes in the Government component.

#### 6 Objective of MoA

The objective of this MoA is to determine the roles and responsibilities of the four parties under the above stated scheme.

**About the Project - to be filled by the candidate through mutual consultation with partner company and host institute**

<b>3.1</b>	<b>About the project</b>	
3.1.1	Research Title as Approved by Apex Council	
3.1.2	Synopsis (up to 300 words)	
<b>3.2</b>	<b>Expected yearly milestones</b>	
3.2.1	1 <sup>st</sup> year (till <<Month>> 20..)	
3.2.2	2 <sup>nd</sup> year (till <<Month>> 20..)	
3.2.3	3 <sup>rd</sup> year (till <<Month>> 20..)	
3.2.4	4 <sup>th</sup> year (till <<Month>> 20..)

**SCIENCE, TECHNOLOGY, ENGINEERING, AGRICULTURE & MEDICINE**

---

3.3	Final output envisaged	
-----	------------------------	--

## 7 Roles and Responsibilities of the Parties

### 7.1 Confederation of Indian Industry (CII)

- 7.1.1 Manage the scheme and act as the contact point for all communications.
- 7.1.2 Transfer the grant money to the candidate every month on receipt of the grant from ANRF and industry contributors.
- 7.1.3 Plan and fix review meetings for project evaluation and provide other support for the success of the project.

### 7.2 <Company name>

- 7.2.1 Pay CII the yearly grant amount for the candidate by 25<sup>th</sup> February every year.
- 7.2.2 Pay CII the 10% management fees (plus 18% GST on management fee amount) yearly by 25<sup>th</sup> February every year.

The scholarship will be calculated based on JRF/SRF category and HRA norms applicable to the scholar in a particular year. The amount will be shared on email by CII after confirmation of JRF/SRF category of the scholar in the year by the academic guide. In case the research work gets over before the full four year tenure, management fee in the completion year (financial year) of the fellowship will be charged in full, irrespective of the number of months of scholarship grant paid in that year. The Grant amount will be charged as per the number of months requested based on the completion of PhD.

#### **Methods of Payment:**

**Bank Transfer:** The entire amount of yearly scholarship grant, which will be transferred on a monthly basis in the bank account of the student, and the 10% management fee of CII (plus 18% GST on management fee amount), can be
